RAF CRA Technical Panel:

We're very happy to share with you the RAF reviewed draft of the CRA Guidelines for Planning and Problem Formulation (attached). The Writing Team draft was reviewed by the RAF Review Team chaired by Ed Ohanian (several times – thanks reviewers!), and approved for external peer review. The draft needs a formal editing and then will be reviewed by the STPC for concurrence on external peer review. This project has been a challenge for the RAF and the long time-line has taken us through several technical panel chairs. We want to thank them for their leadership and you for your endurance and commitment to the project. The CRA Panel will reconvene to review comments from external peer review once that process is completed.

Thank you and stay well,  
Wendy O'Brien, DMV, Ph.D., Region 8
